

OCEAN ACIDIFICATION

1. CONNECT THE WORDS:

- CO₂ •
- Coral reef •
- Shell •
- Mangrove •
- Oyster •

2. QUESTIONS

The ocean absorbs about 30% of human CO₂ T/F

Ocean acidification **increases** the pH T/F

Oyster need **carbonate** ions to survive T/F

Why is ocean acidification dangerous for humans?

- ☐ It affects fishing
- ☐ It reduces food resources
- ☐ It has economic impacts
- ☐ All of the above
